

DEEP DIVE

Product Showcase

21C KANSAS

Standing tall, nestled between the Power & Light District and River Market in downtown Kansas City, 21c makes for an ideal and comfortable home base. 21C is North America's only multi-venue museum dedicated to collecting and exhibiting 21st-century modern art, offering guests unprecedented access to the local and

traveling artistic community. Renowned architecture firm Deborah Berke Partners transformed a local landmark into a 21st-century hotel, marrying great contemporary design with this exceptional historic building. Skypad manufactured the vast majority of custom furniture seen throughout the public areas, restaurant and guestrooms.
